## Part 2 - Reconciliation of Federal Wages

Canton City Income Tax is imposed on “qualifying wages” as defined in Section 3121(a) of the *Internal Revenue Code*, without regard to the Social Security wage limitation, adjusted as follows:

### DEDUCT:

✓ any amount included in wages if the amount constitutes compensation attributable to a plan or program described in Section 125 of the Internal Revenue Code.

### ADD:

✓ any amount not included in wages because the amount arises from the sale, exchange, or other disposition of a stock option, or the sale, exchange, or other disposition of stock purchased under a stock option.

✓ any employee contribution or elective deferral that is not included in wages if the amount is an amount described in Section 401(k) or 457 of the Internal Revenue Code.

✓ any supplemental unemployment compensation benefits not included in wages, described in Section 3402(o)(2) of the Internal Revenue Code.

✓ any amount excluded from wages solely because the employee was employed by the employer prior to April 1, 1986.

*Be sure to note, on the appropriate line, the number of W-2's being totaled and reconciled, and the number of Forms 1099 MISC and their total dollar amount.*

## Part 3 - Reconciliation of Tax Withheld

The taxable wages are reconciled with local tax withholdings by

reporting separately the wage amount subject to Canton's tax at 2%, and the amount taxed at less than 2%. Begin with the “Canton Taxable Wages” from Part 2. The wages “Subject to tax at 2%,” and “Subject to tax at less than 2%” should add up to this amount. For wages “Subject to tax at less than 2%,” enter the amount of wages for which Canton is not receiving the full 2% tax (*i.e.*, when Canton residents are working in a city where the tax rate is less than 2%, and the difference between that city's rate and 2% is being withheld and remitted to Canton). Enter the percentage which represents the difference between Canton's tax rate (2%) and the tax rate of the other city for which taxes have been withheld. Add the two tax amounts to determine the “Total Canton Income Tax due.” Add tax withheld for Canton, from “block 21” of all subject W-2's, to derive “Total Canton Income Tax withheld.”

## Part 4 - Reconciliation of Deposits

Add quarterly amounts of tax remitted to Canton, to calculate “Total Canton Income Tax paid.” Subtract from this amount, the greater of the “Total tax due”, or “Total tax withheld” from Part 3.

If the difference is a negative number, you have a balance due. Please remit payment with this reconciliation.

If the difference is a positive number, you have overpaid your withholding for the year. The overpayment will be used to credit subsequent payroll withholdings. (Transfer Credit)

If there will be no more payroll withholdings, the overpayment can be refunded. Please provide a detailed statement of explanation.

***Be sure to fill out all 4 parts of the form COMPLETELY.***

*No taxes of less than one dollar (\$1.00) shall be collected, or refunded.*
